Education

Fort Mill High School(Freshman)
Carolina

5.15 Weighted GPA, 4.0 Unweighted

Fort Mill, South

Graduation-May 2029

Experience

Think Neuro- Software Engineering Practicum

Software Engineering Internship Experience

- Utilized Git for robust version control, actively participating in branching strategies and pull requests to maintain code quality and ensure seamless team integration in a production environment.
- Developed and built a personal website utilizing Visual Studio Code, GitHub, and Python to accurately organize information easily and quickly.
- Contributed to a collaborative effort with team members to develop a web-based application using Python and GitHub to address sophisticated real-world complications.

Online Class

Jan 2026 – Mar 2026

Beaver Works Summer Institute @ MIT

Online Application-Specific Integrated Circuits(ASICs) course

- Developed comprehension of nanometer-scale semiconductor and transistor utilization techniques for achieving functionality in the construction of chips.

Online Class

Feb 2026 – Jul 2026

Leadership & Activities

Chemistry Club

Member

- Performed comprehensive studies on various elemental mixtures and their combustion properties to classify flame color differentiation.

Fort Mill, South Carolina

Sep 2025 – May 2026

Engineering Club

Member

- Implemented the Engineering Design Process along with the Scientific Method to create, assemble, and analyze various models for an internal club competition.

Fort Mill, South Carolina

Sep 2025 – May 2026

Interact Club

Member

- Developed collaborative skills to function effectively within team environments while contributing to community service initiatives.

Fort Mill, South Carolina

Sep 2025, May 2026

Skills & Interests

Coding Languages: Python
